Ni Kadek Yuni

Professional Profile

Ni Kadek Yuni, born on the Island of Bali in the Eastern Region of Karangasem, Indonesia. Kadek has over 15 years in the financial markets as a currency markets trader, account manger and director of various funds and client accounts. Kadek has been based in China, Hong Kong, London, California, Colombia, Dubai and various other locations dealing with client accounts and funds.

An original founder and developer of WOA, Ni Kadek brings a wealth of knowledge and expertise to WOA. She has worked as a key developer in WOA's trading model and has been instrumental in developing advancements and expansion of WOA's trading model and platform. In addition, she has been a valued contributor in areas of testing and progressions in WOA'S base algorithms. Kadek has further experience in CQG code programming, cloud based placement and data storage calculations, otherwise known as burst computing.
